

Aman Chaurasiya

Full Stack Developer (MERN Stack)

Mumbai, Maharashtra · ftpchaurasiyaaman@gmail.com · +91 93211 86914

[linkedin.com/in/aman-chaurasiya-25b553250](https://www.linkedin.com/in/aman-chaurasiya-25b553250) · github.com/aman8906 · p-ortfolio-personal.netlify.app

PROFESSIONAL SUMMARY

Motivated MERN Stack Developer with over a year of hands-on internship experience across three product environments — ranging from client-facing business websites to full-stack SaaS applications. Skilled in building responsive, component-driven UIs with React.js, designing REST APIs with Node.js and Express.js, and managing data with MongoDB. Comfortable working in agile, remote-first teams with a consistent track record of shipping real products used by actual users. Actively seeking a full-time software engineering role to apply and grow these skills at scale.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Java

Frontend: React.js, Responsive Web Design, Component-Based Architecture, UI/UX Optimization

Backend: Node.js, Express.js, RESTful API Design & Integration, JSON

Database: MongoDB, Mongoose ODM

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Netlify

Practices: Agile Development, Code Review, Cross-Browser Compatibility, Performance Optimization

PROFESSIONAL EXPERIENCE

GlobalDigitalSFX — *Frontend Developer Intern (Remote)*

Present

- Built responsive, cross-browser-compatible frontend interfaces using HTML5, CSS3, and vanilla JavaScript; standardized UI component structure across the project.
- Developed and maintained a library of reusable UI components, reducing duplication across pages and speeding up feature iterations.
- Participated in async code reviews and remote standups, ensuring consistent delivery against sprint timelines.

Cognifyz Technologies — *Full Stack Developer Intern (Remote)*

June 2025 – February 2026

- Designed and maintained reusable React.js UI components that enforced design consistency across multiple product screens.
- Integrated internal and third-party RESTful APIs into frontend applications, enabling reliable data flow between client and server layers.
- Diagnosed and resolved complex full-stack issues spanning React state management and Node.js/Express API endpoints, improving overall application reliability.
- Coordinated with backend engineers during API design reviews to align data contracts and reduce integration friction.

SaiKet Systems — *Full Stack Developer Intern (Remote)*

January 2025 – May 2025

- Designed and implemented mobile-first responsive interfaces, ensuring consistent rendering across all major browsers and device sizes.
- Profiled frontend bottlenecks and applied targeted optimizations — including lazy loading and asset minification — to improve page load performance.
- Identified and resolved critical bugs across the full stack, directly improving workflow reliability for end users.
- Wrote internal documentation and inline code comments to support team knowledge transfer and future maintainability.

TECHNICAL PROJECTS

E-Commerce Platform | React.js, Node.js, Express.js, MongoDB

2025Live:

<https://e-commerce-delta-gold.vercel.app> · **GitHub:** <https://github.com/aman8906>

- Architected a full-featured e-commerce application with product listing, filtering, cart management, and JWT-based user authentication across the complete MERN stack.

- Built and connected RESTful API endpoints for product CRUD operations, user sessions, and order handling; deployed to Vercel with continuous availability.
- Applied React memoization and lazy loading to minimize unnecessary re-renders and improve page responsiveness on product-heavy views.

CA Firm Professional Website | HTML5, CSS3, JavaScript

2025Live:

<https://skcandco.in/beta> · GitHub: <https://github.com/aman8906>

- Delivered a live production website for a registered CA firm, featuring a services showcase, team section, and client contact flow — gaining real client communication experience as a student.
- Built a fully responsive layout maintaining visual fidelity across mobile, tablet, and desktop, with cross-browser testing for consistent rendering.

Personal Developer Portfolio | React.js, CSS3

2025Live:

<https://p-ortfolio-personal.netlify.app> · GitHub: <https://github.com/aman8906>

- Designed and deployed a personal portfolio to present projects, technical skills, and professional experience to recruiters and collaborators.
- Implemented smooth scroll animations and a responsive grid layout, reflecting current UI/UX standards for developer portfolios.

EDUCATION

Axis Colleges, Kanpur — Bachelor of Computer Applications (BCA)

Graduated: June 2025

- **CGPA:** 7.59/10.0
- **Relevant Coursework:** Web Technologies, Data Structures & Algorithms, Software Engineering, Database Management Systems, Object-Oriented Programming

S.S. Inter College, Kanpur — Higher Secondary Education (Science)

2020 – 2022

- Intermediate (12th): 70% · High School (10th): 76%

CERTIFICATIONS

- **Full Stack Web Development** — Udemy 2024
- **JavaScript & React.js Development** — Udemy 2024
- **Java Programming Fundamentals** — Axis Colleges 2023
- **Web Development Internship Certification** — CodeAlfa 2024

ACHIEVEMENTS

- Delivered a live, publicly accessible website (skcandco.in/beta) for a real CA firm client while still completing undergraduate studies.
- Completed **3 internships** across frontend and full-stack domains simultaneously, demonstrating professional reliability and strong time management.
- Shipped and deployed **3 production applications** independently on Vercel and Netlify, gaining practical experience in deployment pipelines.
- Earned **4 industry certifications** in full-stack development, JavaScript, React.js, and Java to complement formal education.

LANGUAGES

English — Professional Working Proficiency · **Hindi** — Native Proficiency
